Civil Works Engineer

Education Quality Improvement Project - National Office for Regional and Local Development

A. BACKGROUND

„Education Quality Improvement” Project (EQIP) is a World Bank (hereinafter “the Bank”) - financed Project to be implemented between June 2023 and December 2029.

The total cost of the Project is US\$ 59.8million equivalent comprising (i) a non-concessional portion in the amount of EUR 36.5 million (US\$40 million equivalent), (ii) a concessional portion in the amount of US\$10 million under the Global Concessional Financing Facility (GCFF) on a non-reimbursable basis (Loan No. IBRD 9536-MD), (iii) a grant in the amount of US\$5 million from the Early Learning Partnership Multi-Donor Trust Fund (TF0C1507) and (iv) a grant in the amount of US\$4.8 million from the Global Partnership for Education Fund (TF0C1484).

The project development objectives are to: (i) improve the learning environment in Participating Institutions, with an emphasis on supporting Disadvantaged Students; and (ii) strengthen the capacity of the Ministry of Education and Research for sector management and refugee response. The Project is organized around four components described below:

1. *Component 1* - Improve Quality of Teaching Practices. This component aims to (i) improve the quality of teaching; (ii) develop, pilot, and implement a rapid formative assessment, a Learning Recovery Program, and a supplemental tutoring for Disadvantaged Students; and (iii) develop School Subprojects through the provision of School Grants to support in-service teacher professional development opportunities.
2. *Component 2* – Improve the Quality of Learning Environment in Participating Institutions. This component aims to improve the learning environment of Participating Institutions through (i) equipping the Participating Institutions with furniture and equipment; (ii) carrying out civil works for the rehabilitation of Participating Institutions and Selected ECEC Facilities; and (iii) construction of three (3) high schools in Priority Areas.
3. *Component 3* – Strengthening the Capacity for Education Sector Management and Refugee Response. This component would support (i) improvement in planning, management, and evaluation of education reforms and (ii) Project Management.
4. *Component 4* – Contingent Emergency Response. This component will provide immediate response to an Eligible Crisis or Emergency, as needed, in case a natural or man-made disaster or emergency arises.

The Ministry of Education and Research (MoER) is responsible for overall Project implementation, while the National Office for Regional and Local Development (NORLD) implement activities related to civil works. The project would support minor civil works for renovation of 15 schools and 15 kindergartens.

In this context, an Engineer will be hired to assist and provide technical support to the NORLD Project Management Team (PMT) in order to perform all relevant procedures related to civil works under the Project and NORLD responsibility and to ensure systematic arrangements during the project implementation.

B. OBJECTIVE OF THE CONSULTANCY

The main objective of the consultancy is to provide technical expertise and oversight throughout the

planning, design, and implementation of civil works projects, ensuring compliance with safety, functional, and financial standards. Together with NORLD and Executive Committee, the consultant will be part of decisions on technical and financial issues related to the implementation of schools' construction/rehabilitation following the World Bank procedures detailed, inter alia, in the project documentation including the legal agreements, as well as the NORLD internal procedures. The Civil Works Engineer will be responsible for ensuring field supervision of construction activities and sustainable implementation of works that follow the functional and safety requirements.

C. SPECIFIC TASKS

The *individual consultant* is expected to:

- Prepare and plan the architectural studies and construction works.
- Organize and supervise the design works procedures for rehabilitation of 15 kindergartens and 15 schools.
- Advice on design standards, technical specifications, and ensuring adherence to local regulations and standards.
- Advise on sustainable practices, including energy-efficient designs and environmentally friendly materials.
- Work closely with the Procurement Specialist on the design and civil works bidding documents, evaluation of received bids/proposals/quotations as needed.
- Organize and monitor the technical evaluation of the institutions' rehabilitation within the Project.
- Supervise the contract documents signed between NORLD and the construction companies, as well as between NORLD and the Technical Supervisors (TSs).
- Organize the technical supervision of the institution's rehabilitation implementation and monitor the schedule and quality of educational institutions rehabilitation implementation by the contractor, the payments and the quality of the executed works.
- Identify potential risks (technical, environmental, financial) and develop mitigation strategies.
- Regularly reports issues that arise to the Executive Committee of the NORLD during the implementation of the institutions' rehabilitation.
- Monitors the progress and quality of construction works done and assesses the payments to be paid for the executed works.
- Manages the process of creating the database of unit costs in construction and market prices.
- Provide support as a member of the Bids Evaluation Commission within the NORLD for the activities under the Project.
- Provide support as a member of the Executive Committee of the NORLD for the activities under the Project.

D. DURATION

This is a full-time assignment which is expected to begin in January 2026. The contract will be signed for the period of one year. Subject to Consultant's satisfactory performance, the contract may be renewed until the Closing Date of the project on December 31, 2029.

E. CONSULTANT'S REPORTING OBLIGATIONS

The consultant to be hired in accordance with the proposed assignment should prepare monthly reports on all activities performed. The consultant will report directly to NORLD Project Manager (PM) and will also assist the Project Coordinator (PC) and count on the support of the Project Management Team (PMT). The NORLD and Project team will provide the Consultant with necessary support to complete the assignment: project documents necessary for assignment accomplishment, necessary work conditions, including office space, telephone and other office equipment and

supplies.

F. QUALIFICATION REQUIREMENTS AND BASIS FOR EVALUATION (EVALUATION CRITERIA)

The Consultant should meet the following mandatory qualifications:

- Advanced higher technical education in engineering and management in construction, construction and civil engineering, architecture, and urbanism.
- Minimum five years of experience as a specialist in the construction field, experience in civil engineering and architecture.
- Proven experience of technical supervision of construction works of social objects costing at least 2 million MDL per object, in the last 5 years.
- Proficiency of Romanian and Russian.
- Knowledge of English would be an asset.
- Experience of work as a specialist in the construction field/engineer under international financial institutions (IFI) and/or donor-financed projects would be an asset.
- Developed organizational capabilities, good communication skills, high level of responsibility, creative approach in problem solving, experience in planning and analyzing the work done.
- Good computer knowledge.

G. CONFIDENTIALITY STATEMENT

All data and information received from NORLD for the purpose of this assignment is to be treated confidentially and are only to be used in connection with the execution of these Terms of Reference. All intellectual property rights arising from the execution of these Terms of Reference are assigned to NORLD. The contents of written materials obtained and used in this assignment may not be disclosed to any third parties without the expressed advance written authorization of the NORLD.
